On the hill at Duane and Allesandro across from the Clifford School an encampment has started.... they built a covered tent area, pulled up all the plants that we planted with the school in the spring and are now leveling off of flat area with tarps... we're still working with the school to try to get another cleanup and planting day worked out through Mitch's office.

In the meantime is there anything that you can do to help? There are about 6/8 guys and they drink beer/booze all day do drugs (needles littered throughout the area) urinate in plain site and all this is happening across the street from an elementary school.

Hi all,

Thank you [REDACTED] for continuing this effort.

I would add that one of the homeless men attacked my wife's car this Saturday morning at 7:05am at that corner with my two boys in the car. The man started banging on the car, frightening them and she called 911. They asked her to stay "at the scene" but she was afraid that he would continue pounding on the car. My two boys (6 and 4) are now scared to drive that street. LAPD told my wife they would call back, but we have not received a call. I was not in the car.

**This is not a nuisance situation, but a matter of public safety and criminal activity.**

Juan- We are very aware that this is a continuing situation, since we live here and have organized, cleaned-up and planted the area. The residents are not looking for you or LAPD to solve this situation, but to partner with us in solving this issue. My wife and boys helped clean-up and plant that same area that they are now afraid to drive on.
